INSPIRATION & NETWORKING

BIRMINGHAM'S FIRST COMBINED
CONFERENCE & 'HACKATHON'

WHY COME?

<Hack>ference is a festival of code aimed at all levels of programmers, from start-ups, new media/interactive agencies and IT companies. With a great line-up of speakers and hackathon, developers will be immersed in the latest thinking and technology used to build and scale the biggest online and mobile services.

From the speakers and workshops attendees can learn scaling, NoSQL, MongoDB, APIs, Go!, Node.js and much more!

GREAT SPEAKERS FROM ACROSS THE WORLD

Developers will be inspired by some of the world's most talented and renowned names in the industry.

ONE JAM-PACKED CONFERENCE DAY

With so much to do at work, and a deadline always looming, <Hack>ference will bring any developer attending up to speed in just one day. And developers returning to work afterwards will be motivated and enlightened.

LOW COST. HIGH QUALITY

<Hack>ference will provide a high quality of content as well as lunch, drinks and networking opportunity with peers... all at a low cost for attendees.

TALKS AND WORKSHOPS

Quality, relevant talks from talented keynote speakers plus workshops to provide more in-depth learning for attendees.

LEARNING FROM PEERS AS WELL AS EXPERTS

The event provides the perfect environment for everyone to mingle and network, sharing best practices, tricks and latest ideas.

FREE WIFI

During the event free WiFi will be available, so no one will be disconnected from anything important.

ONE DAY CRASH COURSE

The Conference is one day to absorb as much information on different subjects and a chance to master them. One day to grow as a developer.

<Hack>ference HACKATHON

The hackathon following the Conference provides a perfect opportunity to test out anything picked up from the keynotes. It also gives a further opportunity to learn from companies and the APIs attending the Hackathon.
